GOALS AND CONCEPTS FOR WALNUT PARK

- Provide Green Belt Transition and buffer between Residential Neighborhood and Commercial / I-80 Zone.
- Provide entry statement / portal for residential area.
- Provide recreational opportunities for the city and the local neighborhood, including field sports, tennis, swimming, non structured play and leisure activities.
- Express the local linkage with our rural past.
- Should be a pleasant reminder of our place in nature.
- Create green belt link with Putah Creek South Fork and rural areas to the south and the rest of Davis
- Use of pool walls, pool buildings, community building and landscape plantings to buffer neighborhood from commercial area.
