

2006 – 2007 CDBG/HOME APPLICANT QUESTIONS AND RESPONSES

Name of Organization: **Davis Senior Housing Cooperative, Inc.**
Project Title: **Eleanor Roosevelt**

- 1. Describe in detail why you believe because the City Council committed \$4.25 million that this entitles you to additional HOME funding? The Eleanor Roosevelt Project was originally funded through City CIP and Redevelopment Agency Funding.**

It is certainly correct that the City committed \$4.25 in funding for us to complete the funding for Eleanor Roosevelt Circle. This year's request through the CDBG/HOME funding is however not a request for an additional \$400,000 in funding. It is however a request for \$400,000 from the HOME program that if approved will then be used to partially repay the one time City Commitment of \$4.25. ERC is asked annually to make requests for HOME funding as a way of obtaining part of the city funding from external sources. We hope this helps explain that this is not additional funding.

- 2. I would like to see a current Board of Director's roster for DSHC.**
