

## 2006 – 2007 CDBG/HOME APPLICANT QUESTIONS AND RESPONSES

**Name of Organization:** Yolo Adult Day Health Center

**Project Title:** YADHC

1. **Describe in detail how your CDBG RFP differs from other CDBG RFP's.**

YADHC differs specifically in that it is the only request for transportation assistance between Woodland and Davis. The program itself is closest in nature to the Citizen's Who Care Saturday Time Off program two Saturdays a month. YADHC is M-F and therefore we offer very complimentary assistance to Davis families.

2. **Describe in detail how your CDBG RFP supplements other CDBG RFP's.**

I think perhaps the supplement is best described in the above question where two organizations offer center-based respite at times that complement each other as opposed to compete.

3. **Describe in detail your efforts to coordinate with other CDBG agencies similar resources.**

The network of service providers serving frail adults is well connected. We often collaborate with Elderly Nutrition Program and Citizen's Who Care to meet client and community needs. Despite my attempts to identify potential collaborators, I am unaware of any other CDGB or non-CDGB organization that we could share vehicles and/or staff with. The biggest challenge identified in speaking with other transportation providers such as Easter Seals or Broderick Christian Center is that we are all transporting clients at the same time with very different destinations.

4. **How do your services differ from those provided by the City's Para transit Services? Is there any collaboration/coordination between the two services?**

Neither Yolo County Paratransit nor Davis Senior Transit is able to handle the number of clients we need to transport to the Center each morning and afternoon. We do rely on the County Paratransit for several clients who live so far from the Center (yet still in Yolo County) that our bus service is unable to reach them in a reasonable time frame. We arrange these rides each day. Our service differs only in that we own our vehicles and have control of routes and times.

5. **Isn't the target population by definition disabled? If so, aren't all the clients served by YADHC low/mod under the CDBG definition?**

Yes, I mistakenly did not count all the beneficiaries as low, low/mod income. They are elderly, disabled adults and by definition presumed to be principally low and moderate income persons. The percentage of CDBG beneficiaries with low, low-moderate income is 100%.

Responses are due **NO LATER THAN MARCH 17<sup>TH</sup>**. The responses should include both the questions and answers. Responses must be submitted via e-mail, or on disk. E-mail should be addressed to [Kcomes@ci.davis.ca.us](mailto:Kcomes@ci.davis.ca.us). Responses submitted on disk should be hand delivered to Kathleen Comes, Hunt-Boyer Offices, 604 Second Street. Responses should not be mailed.

**DEADLINE: MARCH 17<sup>TH</sup> 2006 AT 5:00 P.M.**
