Notice of Public Hearing

Verona Subdivision

Proposed Subdivision, Rezone/Preliminary Planned Development, Final Planned Development, Affordable Housing Plan, Design Review

The City of Davis **Planning Commission** will conduct a public hearing on the project application at a meeting beginning at **7:00 p.m. on Wednesday, May 28, 2008** in the Community Chambers, City Offices, 23 Russell Boulevard, Davis, California. Please contact the Community Development Department for the approximate time this item will be heard.

Project Location: Southwest Corner of Alhambra Drive & Fifth Street
8.55 Acre Vacant Parcel (APN #071-182-12)

Property Owner: Dan Ramos
Ramco Enterprises, Inc.
1450-B Harbor Boulevard
West Sacramento, CA 95691

Applicant: Regis Homes of Sacramento, LLC
c/o Bill Heartman, President
1800 Third Street, Suite 250
Sacramento, CA 95814

Project Description:

The applicant proposes to subdivide the vacant parcel for the creation of an 83 unit single-family residential subdivision. The proposed development would include including 45 market rate units; 21 for-sale low-moderate income units; and 17 for-sale middle income units. Vehicular access to the site would be from a new left-turn lane east-bound from the median on Fifth Street, with secondary right turn only access from Alhambra Drive. Ten percent (10%) of the parcel (.855 acres) would be developed by the applicant and dedicated to the city as greenbelt; 1.087 acres of the parcel would be dedicated to the city for Mace Ranch park land.

The dwellings would be a mix of attached and detached two-story homes on lots ranging from approximately 1,000 square feet to 2,700 square feet. The dwellings would contain two, three, or four bedrooms in 895 square feet to 1,787 square feet. A minimum of two on-site parking spaces

would be provided for each dwelling in attached two-car garage, or attached one-car garage plus one uncovered parking space. A total of 142 off-street spaces would be provided for resident parking in garages, driveways and uncovered parking spaces. Parking would be permitted on one side of the street located within the development which would provide approximately 88 spaces for visitor and resident overflow parking. The project would be consistent with the General Plan Residential Medium-Density land use designation (7.2 to 16.70 units per net acre with density bonus), which would permit up to 109 dwelling units. The proposed 83 unit development (minus the park land and greenbelt dedication acreage) would have a net density of 12.56 units on 6.6 acres.
