COMMUNITY DEVELOPMENT AND SUSTAINABILITY DEPARTMENT INFORMATION SHEET

Office Hours: Monday through Friday 8:00 a.m. until 5:00 p.m.

Building Inspections

Inspections are required in order to complete the permit process. A city building inspector will make site inspections to verify that all work performed complies with the adopted building codes and approved plans. Please be sure all work is completed (and not covered, if applicable) for the portion of the job before requesting an inspection. Please note the following:

- Be sure your job site has an address posted, a set of **approved** plans, and building permit(s).
- If the inspection items are all on the exterior and there are no dogs in the yard, no one needs to be present for the inspection. You only need to inform us of that and give us permission to enter the yard.
- If the property is vacant, arrange for and request an inspection by bringing a key to the Building Department.
- An adult (18 years and older) must be present for indoor inspections when the property is not vacant.
- Provide a Cal OSHA approved extension ladder rated at a minimum of 250 pounds when necessary for access for inspections (i.e. roof, attic, etc.).
- Asphalt Roof Final inspections will not be done in the afternoon on hot days.
- Attics will not be inspected in the afternoon during the hottest part of the day (during the summer).
- The Resale Report must be on site for inspections related to a Resale Inspection.

Scheduling an Inspection

Request an inspection by calling our 24-hour automated inspection recording line at **756-4907**.

Inspection requests called in before 3:30 p.m. will be on the schedule for the next business day.

Requests called in on a Friday before 3:30 p.m. will be on the schedule for Monday. Inspection requests placed after 3:30 p.m. will take place in two business days (for example, if you call on Friday after 3:30 p.m., your inspection will be on the schedule for Tuesday).

We accept inspection requests only one day in advance. Please do not leave any other messages on the request line. It is not re-checked once the list is processed. We will not be able to respond to them. **If you have questions or cancellations, call our main number at 757-5610.**

When you call in to request your inspection have the following information ready:

- Your permit number(s)
- Owner or Contractors name and Telephone Number

Our inspections begin at 8:00 a.m. and continue until 12:00 p.m. and then from 1 p.m. until 3 p.m. **The inspector will notify you if your inspection cannot be completed on the day scheduled and it will automatically become a priority on the following workday.** If you do not want the inspection done early on the next day, please let us know by calling **757-5610.**

If you wish to be notified up to 15 minutes prior to the inspector’s arrival on the site, please indicate this when scheduling your request on the recorded inspection line. Be sure to include your contact number (with area code).
