Tobacco

I. PURPOSE AND SCOPE

The Surgeon General has determined that second-hand smoke is hazardous to health. Tobacco products may also be offensive to members and the public.

II. POLICY

Smoking, the use of e-cigarettes or “vaping” and other use of tobacco products is not permitted inside department facilities or any department vehicle. It shall also be the responsibility of all members to ensure that no person smokes or uses tobacco products inside department facilities and vehicles.

No person shall smoke tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any Department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

Members in uniform are also prohibited from smoking, using e-cigarettes, vaping or using tobacco products while in public view.
