I. POLICY

Members of the Davis Police and Fire Departments (collectively, the “Departments”) routinely respond to emergency or crisis situations where community members may be afflicted with grief and/or other trauma. During critical periods when the first responders are attending to the emergency or crisis, community members can often be left without necessary trauma and grief support, which only increases the amount of grief and/or trauma a community member may face.

The Davis Public Safety Trauma and Grief Support (TAGS) volunteers work in conjunction with the Departments to assist on-scene community members who are experiencing grief and/or trauma.

Additionally, because the constant stresses associated with critical incidents and first responder duties can negatively impact public safety personnel, TAGS volunteers will also be accessible to Davis Police and Fire Department personnel.

The Davis Police Department shall ensure that department TAGS volunteers are properly appointed, trained and supervised to carry out their responsibilities without financial compensation.

II. PROCEDURE

A. General Information

1. The TAGS Program is secular in purpose. Although TAGS volunteers will be performing trauma and grief support traditionally provided by chaplains, TAGS services are to be rendered in a strictly secular manner.

2. TAGS volunteers are not intended to supplant crisis counselors or mental health providers. Their purpose is to assist public safety personnel by gathering victims’ support systems (family, clergy, etc.) and offering comfort. They are also to be available to public safety personnel to assist with the stresses associated with critical incidents and emergency responder work.

B. Eligibility

Requirements for participation as a TAGS volunteer may include, but are not limited to:

1. Being above reproach, temperate, prudent, respectable, hospitable and able to teach.
2. Having a good reputation in the community.
4. Possession of a valid driver license.
The Police and Fire Chiefs may apply exceptions for eligibility based on organizational needs and the qualifications of the individual.

C. Recruitment, Selection and Appointment

The Departments shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral and professional standards set forth by the Departments.

TAGS candidates shall successfully complete the following process prior to appointment:

1. Submit the appropriate written application.
2. Include a recommendation from employers or volunteer programs.
3. Interview with the Police Chief and/or Fire Chief and the program coordinator.
4. Successfully complete an appropriate-level police background investigation, including “LiveScan” fingerprinting.
5. Complete a course of first responder crisis intervention training, including critical incident trauma and grief, confidentiality, mandatory reporting, giving death notifications and maintaining scene integrity.

TAGS volunteers are Davis Police Department and Davis Fire Department volunteers and, like all other volunteers, serve at the pleasure and discretion of the Chiefs. TAGS volunteers shall have no property interest in continued appointment.

D. Identification and Uniforms

As representatives of the Departments, TAGS volunteers are responsible for presenting a professional image to the community. TAGS volunteers shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each TAGS volunteer. Identification symbols worn by TAGS volunteers shall be different and distinct from those worn by regular volunteers through the inclusion of “Trauma & Grief Support Volunteer” on the uniform and not reflect any religious affiliation.

TAGS volunteers will be issued Davis Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Davis Police Department identification cards, with the exception that “Trauma & Grief Support Volunteer” will be indicated on the cards. TAGS volunteers shall be required to return any issued uniforms or department property at the termination of service. Immediately upon termination, for any reason, TAGS Volunteers shall render their Davis Police Department ID card.

TAGS volunteers shall conform to any uniform regulations and appearance standards required by the Departments.

E. TAGS Coordinator

The Police Chief and Fire Chief will delegate certain responsibilities to a volunteer TAGS Program Coordinator. The coordinator shall report to the Deputy Director of Police Services at the police department.

The TAGS coordinator shall serve as the liaison between the TAGS volunteers and the Departments. The function of the coordinator is to provide a central coordinating point for effective TAGS management within the Departments, and to direct and assist efforts to jointly provide more productive TAGS services.
The TAGS coordinator may appoint a senior TAGS or other designee to assist in the coordination of TAGS volunteers and their activities.

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

1. TAGS volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Departments.
2. All TAGS volunteers will be assigned to duties by the TAGS coordinator or the authorized designee.
3. TAGS volunteers may not proselytize or attempt to recruit members of the Departments or the public into a religious affiliation while representing themselves as TAGS volunteers.

M. Confidentiality

Communications between TAGS volunteers and department members are not recognized as privileged communications under the California Evidence Code. Therefore, TAGS volunteers may be compelled to testify in a legal proceeding. However, with the rare exception of legally mandated disclosure, TAGS volunteers are required to maintain confidentiality. A general principle for ensuring such confidentiality is to inform a person, prior to discussion, what the limitations and exceptions are regarding the information revealed. In those cases where a concern or a question regarding confidentiality arises, the TAGS volunteer must immediately contact the Program Coordinator for guidance.

The acceptance and success of the TAGS Program will be determined, in part, by observance of confidentiality. It is imperative that TAGS volunteers maintain strict confidentiality of all information learned about an individual within the guidelines of this program.

If, for any reason, a TAGS volunteer is not able to submit the call documentation within 24 hours, they will report to the program coordinator the circumstances of the delay, and provide an oral debrief of the call, to be followed by the written documentation as soon as possible.
   i. Report/documentation is to be minimal, limited to only that information necessary to record contacts made during the call. TAGS volunteers are to keep in mind that anything they write on a call may be subject to requests for production in criminal and/or civil legal proceedings.
