Introduction
Thank you for choosing a City of Davis summer camp for your child! Summer 2020 has started off with new challenges as we navigate the profound impact of the COVID-19 coronavirus pandemic around the world, nationwide and locally. We are navigating the ever-changing guidelines and regulations, but our goal is to keep our campers and staff safe! The Summer Camp 2020 COVID-19 Procedures and Health Guidelines document provides specific information regarding procedures, safety measures and health guidelines for campers and staff.

OPEN Camps: Dog Days of Summer, Horse Camp, Kinder Camp, National Academy of Athletics, Rainbow Summer Camp, Skyhawks, Skate Camp, Summer Quest (modified), and Voyagers.

Unfortunately, many of our camps were canceled. Each camp was assessed and a decision was based upon a review of the camp activities, number of children, location and ability to adhere to safety guidelines. We know this news is disappointing and we know how our campers were looking forward to their summer, we were too!

We know there are many options to choose from and we appreciate your confidence. Our goal is for children to develop life skills, explore new interests, build self-confidence, make new friends and create lasting memories. We are extremely proud of the programs we offer and the staff we hire. Each staff member has participated in an interview, a reference check and a fingerprint/background check through the Department of Justice. Leaders receive extensive training specific to their camp.

Please take the time to read through this handbook prior to the first day of the programs your child is registered for. Each camp has a section that outlines pertinent information that families should be familiar with.

ePACT
The City of Davis Parks and Community Services Department uses a software called ePACT Network, a digital version of our previous paper emergency and medical forms. Families will either receive an “invite” or “re-confirm” email in early May. If your family has utilized ePACT for a previous program with the City, you will need to “re-confirm” the information-update names and phone numbers listed as emergency contacts or allowed to pick up a child, medical history, etc. If you have not utilized ePACT previously, you will receive an “invite” to create an account and provide emergency, medical and pick up information.

This needs to be completed BEFORE your child attends camp. It is recommended that this task be completed before summer begins. Failing to complete this process will delay check in and participation on the first day of camp.

By using ePACT, the City of Davis easily collects, manages, and accesses this info when we need it so that we can better support all our campers in any situation, from illness to evacuation. Information is easy to access when it’s needed and it’s quicker for our team to manage data and report on specific medical concerns, such as allergies or asthma, meaning we can be better prepared for any emergency! ePACT is HIPAA compliant, so you know your families’ information is always secure. You can log into your family account and make any changes, and we’ll be alerted right away.

Note: If your child has permission to self-checkout as noted in ePACT and needs to leave earlier than the camp ending time, please email registration@cityofdavis.org the specific dates and times of the earlier departure so that camp staff can be informed.

- Not verbally or physically harm another person or property

Consequences for misbehavior are usually progressive and reflect the severity of the unacceptable behavior. Listed below is a progression of discipline. Please note that discipline may not be sequential and one severe act could lead to dismissal from our programs.

- Warning
- Break time-time away from the group to think about things
- Phone call to the parent/guardian
- Removal of the child for the day or temporary suspension from the program
- Dismissal from the program

No refund will be given if a participant is dismissed from a program.

City Medical Policies
Please review the Summer Camp 2020 COVID-19 Procedures and Health Guidelines document provides specific information regarding procedures, safety measures and health guidelines for campers and staff.

The City has certified CPR and First Aid senior programming staff at all camp locations. This training includes how to handle potential allergic reactions and anaphylactic shock. The City’s medical policies are as follows:

- Camp participants are responsible for arriving at the program with all the necessary medications, supplies, pumps, back-up medications and any other equipment necessary for the participant to safely self-administer their medications. All medications or prescriptions must be attached/adhered to the device/original container, bearing a pharmacy label that shows the prescription number, name of the medication, participant's name and dosage.

Parents/Guardians are required to:

- Advise the Parks and Community Services staff that their child has an allergy and will need to have an epinephrine auto injector device (Epi-Pen) and/or medication with them on site.

- The City of Davis does not guarantee that our programs and activities are “nut-free” to anyone who may have a severe or potentially life threatening nut allergy. Camp staff does try to limit exposure to nut-related products by purchasing from nut-free facilities and encouraging other camp participants not to bring nut related food items to camps, however due to the nature of the camps and other public exposures beyond staff control, we are unable to eliminate all risks.

- At first sign of an allergic or anaphylactic reaction, staff will call 911. Camp participants are required to keep any Epi-Pen on their person (i.e. in a backpack) so he/she has immediate access to it. Each camp will have senior staff on site to assist in hand over hand administration if necessary. Medication needs to be brought each day. Staff will not hold onto any medication at the end of the day.

When the child and parent(s) arrive on site with an Epi-Pen and/or medication, program staff will:
a. Ensure that they have a completed copy of all paperwork regarding the child.
b. Ensure that the Epi-Pen and/or medication includes a prescription on it with the child’s name, dosage, and expiration date.

In the event of an anaphylactic reaction:
   a. The staff can provide assistance to the child as he/she injects him/herself.
   b. Staff will call 911 immediately to have emergency personnel come to the site.
   c. Staff will call parents/guardians to inform them of the incident and to inform them that the child is being taken to the hospital.
   d. Staff will accompany the child to the hospital.

- Medical monitoring of blood sugar levels must be done by parents or guardians prior to attending the program each day, to ensure that the camp participant is within their target range. Staff is not responsible for identifying symptoms of hyperglycemia or hypoglycemia.

- Camp participants and parents/guardians shall be advised and reminded that it is the camp participant’s responsibility to self-administer any medication and that staff will only assist as needed. Staff will not give scheduled injections.

**Late Pick Up Policy**

Parents who are late to pick-up their children after the program is over will be charged the following amounts:

</tbody>
</table>

Parents must be prepared to pay upon pick-up of their child, or the child will be unable to participate in the program the following days. After three late pick-ups, the participants may be dropped from the program without a refund.

**Lost and Found**

To increase the likelihood of your personal belongings being found, please be sure to label any items that are brought to camp (including clothes, towels, helmets, backpacks, etc.). Leaders will attempt to return lost items to the rightful owners. Lost and found items are kept at City Hall in the Parks and Community Services office, items that are not claimed will be disposed of at the beginning of each week. The City is not responsible for lost or stolen phones or unauthorized use.

**Sunscreen**

Inclement Weather
Many of our camps & programs are outside. If your child has problems with heat or air quality, please notify camp staff and plan accordingly. Dog Days of Summer

Description
This down-right fun camp (for campers 11 - 17 years old and their dog) teaches the basic foundations for obedience training and agility (for the dog, not the camper). Dogs need to be non-aggressive, easily controlled and a minimum of 6 months old. Campers will learn about dog breeds, health and safety, and dog bite prevention through hands-on activities, game playing and dog training videos.

Camp Info
Dog Days of Summer runs Monday through Friday from 9:00am-12:00pm at Central Park and meets under the Farmer’s Market awnings.

This camp naturally practices social distancing due to the nature of the its operations.

What to Bring
- ePACT City of Davis Online Permission Slip (please see page 4 for details) needs to be completed in ADVANCE OF CAMP STARTING
- Face Covering (required)
- $20 materials fee on the first day, payable to the instructor for a bait bag, clicker and final prize
- Treats or food for the dog (please see guideline below)
- Snack for camper
- Large refillable water bottle
- Sunscreen
- Hand sanitizer
- Hungry dog on leash
- Water bowl for the dog

Additional Information
This is a very active dog training camp where dogs and kids both learn lots of new things. Please help your child become a successful dog trainer by following these guidelines:
- No free feeding the dog for the week of camp. Dogs will be earning food at camp.
- No breakfast for the dogs all week - they will be fed breakfast at camp as they work.
- Send your child with very high value food for your dog. Natural Balance dog food in the salami-like roll is a good choice. Cut it up into tiny pieces and then keep the remainder in the refrigerator for the other days of camp. Other tasty treats are microwaved hot dogs, string cheese, Wellness soft dog treats, or liver treats. Please do not send your child with regular dog food or a low value treat like Milk Bone dog biscuits. These may work at home, but camp is a very distracting environment.
- Send two to three cups of dog treats. The treats should be about raisin sized for medium to large size dogs. Smaller dogs will need treats that are half the size of a raisin or smaller. Water is supplied for the dogs, but some dogs may prefer to bring a bowl from home.
- Your child will be working hard this week to build a strong relationship with their dog.

Following the above suggestions will help your child feel successful amid numerous distractions.

Please bring your child on time so that we can get started right away.

Each volunteer will work two consecutive weeks during the summer and must be available during the camp hours (Mon-Fri from 8:00am-2:00pm) Bicycles are not required.

Once participants have successfully completed the Rec Leader in Training program, they are invited to return as volunteers in following summers at our Playgrounds camps (Rainbow Summer, Summer Quest, Kids in the Kitchen, Arts & Crafts Camp, Kinder Camp, Voyagers, and PM Kids Club). All returning volunteers complete an interview before the start of summer and attend a returning volunteer training.
