What’s your Vision for Downtown Davis?
Join us for a Participatory Design Workshop
A Public Charrette
April 24th - 28th, 2018 at the Davis Community Church, 412 C Street

The Charrette is a multi-day opportunity for residents, property owners, and students of the Davis community at large to collaborate with a multidisciplinary team to craft a vision for Downtown Davis. The ideas and vision developed during the charrette along with other community input will guide the creation of the Specific Plan document. The Specific Plan will then implement these ideas through policies and design standards.
