

Moving Out? Plan Ahead!

Don't trash good stuff

The safest and most effective way to ensure your reusable stuff reaches people who need it is to keep it out of the dumpster by selling, donating or giving usable items away instead.

Donate or sell unwanted items

- **Post items for sale or for free online** Consider using Facebook, Sacramento Craigslist, Davis Freecycle or other online group to post things for sale or for free.
- **Host a yard sale** See if your neighbors want to join in and have a community-wide sale!
- **Donate items to a local thrift store** Local thrift stores accept a wide variety of reusable items. See the list of local thrift stores and donation drop-off sites below. Call ahead to verify drop-off times and if they are currently accepting items.
