Factual Background

The complainant alleged that Davis Police Department officers were inappropriately following him around. He alluded to several incidents where this alleged illegal activity was occurring.

DPD Investigation and Outcome

DPD reviewed the information provided by the complainant and relevant police reports. That investigation uncovered no evidence of DPD personnel systemically and repeatedly following the complainant. DPD closed the matter without any further action.

IPA Review and Analysis

We reviewed the materials relevant to this incident, including DPD police reports and the internal investigative report. We concurred with the determinations reached by DPD regarding the outcome of the complaint.
