REQUEST FOR PROPOSALS
CLIMATE ACTION AND ADAPTATION PLAN 2020 UPDATE

INTRODUCTION

The City of Davis is seeking a qualified consultant (or consultant team) to assist staff with a 2020 update to the City of Davis 2010 Climate Action and Adaptation Plan (CAAP). The City is also seeking assistance with preparation of related environmental review in conformance with the California Environmental Quality Act (CEQA). Finally, the City is interested in study and recommendations for possible implementation of a Local Greenhouse Gas (GHG) Offset Program to establish a mitigation fund.

Overview and Background

The City of Davis, incorporated in 1917, is a municipal corporation operating under the general laws of the State of California. The City is committed to providing essential services, experiences and opportunities that enhance the quality of residents’ lives, advancing economic development that yields safe, healthy, vital communities, and celebrating a culture of respect, diversity, equity and sustainability.

The Davis community values its high quality of life, including well-maintained parks, robust community services, safe streets and infrastructure, and effective city services. It is a unique area in its commitment to biking and environmental sustainability, its well-educated workforce, and its proximity to some of the most productive agricultural land in the world. The City is well-positioned for economic growth, attracting new investment and providing new opportunities for current and future residents.

Recent communication and outreach surveys and studies have indicated key Davis community values:

- The City of Davis cares about the needs of City residents. It is our highest priority to provide residents with high quality city services, foster strategic partnerships and create opportunities to encourage positive growth and local prosperity.

- The City of Davis provides essential services, experiences and opportunities that enhance the high quality of all residents’ lives.

- The City of Davis values community input and engagement, and will respond to residents with a tailored, high-touch, customer service-oriented approach.

- The City of Davis values and celebrates a culture of respect, diversity, and inclusivity.

Additionally, specific goals and vision in certain fundamental issue areas have been identified. Some of these include:

- **Agriculture:** The City of Davis is at the heart of Yolo County’s thriving agricultural industry and maximizes this opportunity through a local emphasis on “farm to fork” foods and farmers markets, while also taking pride in UC Davis as a world-renowned research institution on the front lines of agriculture, biotechnology and environmental science innovations.

- **Biking:** The City of Davis is one of the top bicycling cities in the country and is considered the “Bike Capital of the U.S.” with a safe and robust network of bicycle paths and amenities, and a high portion of the local population that bikes regularly.
Environment: The City of Davis is deeply committed to environmental sustainability and views local projects, activities or decisions through this lens, as well as demonstrates support for broader state, national or global programs aimed at environmental protection and combating climate change.

Purpose of Project
The City’s current CAAP was adopted in 2010. It was developed and written in-house when climate action plans were in their infancy. Following significant community engagement (over roughly a two-year period assisted by a consultant team), the approved 2010 CAAP identified a vision for city of Davis community carbon neutrality by 2050. The CAAP also identified the need for an update in 2015, however, due to limited staff capacity and resources, the CAAP has not been updated until now. Incremental work on the CAAP has occurred over the last ten years; however, target actions have changed, been added or accomplished, or even become invalid.

In March 2019, the Davis City Council adopted the ‘Resolution Declaring a Climate Emergency and Proposing Mobilization Efforts to Restore a Safe Climate’. This Resolution made commitments that include updating the CAAP and accelerating the existing Davis carbon neutrality goal to 2040.

In August 2019, the City Council approved the proposed process for the 2020 CAAP Update and community engagement process, including selecting a CAAP consultant to assist staff, local community partners and experts, and the broader community to develop the 2020 CAAP. The desired scope of services will include robust community stakeholder and commission engagement.

The Natural Resources Commission will be the lead advisory body to the CAAP process and to City Council. Following selection, staff and consultant will develop a full schedule to engage other city advisory commissions in the process so all commissions, stakeholders and community members will be given ample opportunity to have significant involvement and input throughout the process. A key component of consultant selection will be this proposed community engagement process, and the team’s background and experience in this area.

GHG Emissions Inventory and Forecasts
A 2020 Regionally Integrated GHG Inventory establishing current baseline information will be completed in early 2020 as a task outside this Scope of Work (participating jurisdictions include Yolo County and Cities of Davis, Winters and Woodland). This GHG Inventory, based on 2016 data, will add to the baseline information prepared in two previous ICLEI protocol-based GHG inventories (2008, 2012) completed for City of Davis, and will include community and municipal emissions data. The Regionally Integrated GHG Inventory will be available for use in development of the 2020 CAAP.

2020 CAAP Objectives
The primary objectives for updating the existing CAAP are to:

1. Establish a visionary statement of Davis’ commitment to climate action and the resolution to attain community carbon neutrality by 2040, in light of the State of California’s established zero carbon target of 2045 (2018 Governor’s Executive Order).

2. Define ‘carbon neutrality’ for the Davis community.
3. Realistically address progress metrics toward carbon neutrality and effectiveness of mitigation, resiliency and adaptation actions identified in the 2010 CAAP—including successes and inadequacies—in order to evaluate the context for the City of Davis 2020 CAAP Update.

4. Comply with new California legislation to reduce greenhouse gas (GHG) emissions, address climate adaptation and incorporate environmental justice enacted since 2010. These include Senate Bills 379 (2015) and 1000 (2018), 2018 Executive Orders; California Air Resources Board (CARB) 2017 statewide scoping plan; and Office of Planning and Research (OPR) General Plan requirements. The 2020 CAAP will also continue to comply with 2006 AB 32 (CA Global Warming Solutions Act) and SB 375 (Sustainable Communities Act, updated 2018).

5. Position the City to incorporate CAAP information into the General Plan Update, including the Safety Element and sustainability issues throughout the General Plan.

6. Provide a robust and defensible plan on which to base future CEQA documents, eliminating need for project-by-project analysis and ad-hoc mitigation.

7. Identify and prioritize feasible, measurable and enforceable GHG reduction actions in the CAAP that address realistic fiscal and resource limitations.

8. Provide an accurate, easy-to-update publicly accessible and engaging system for tracking progress for CAAP implementation.

9. Evaluate and recommend parameters for a potential Local GHG Offset Program which establishes a mitigation fund for improving the existing built environment, transportation approaches and/or other community sustainability goals.

10. Implement learnings and best practices from local, regional, state, national resources.

11. Engage a broad cross-section of the community and leverage resources of partners, local experts, and major educational and civic institutions in the region to develop, promote and implement the 2020 CAAP. Build a shared commitment to emissions reduction and adaptation measures across city departments, the public and business community.

12. Pursue creative and innovative solutions that improve community quality of life and economic opportunity, while meeting obligations for climate action and adaptation.

Term of Contract
The term of the contract is two years.

SCOPE OF SERVICES

Anticipated Timeline
Staff anticipates the timeline for the 2020 CAAP will be 1.5 to 2 years total, including robust community engagement and environmental review. Implementing the recommendations for a potential Local GHG Offset Program to establish a mitigation fund for improving the existing built
environment, transportation approaches and/or other community sustainability goals may be completed within this timeline, or may be completed as a continuing task, depending on results and community input to the study.

Notwithstanding the inclusion of services in this Request for Proposals (RFP), the final scope of services negotiated between the City and the successful Proposer shall be set forth in the Professional Services Agreement (“Agreement”) executed by and between the City and the successful Proposer. A copy of the Agreement is attached hereto as Appendix A and incorporated herein by this reference.

PROPOSAL REQUIREMENTS

Consultant firms interested in submitting a proposal for this project should respond to this RFP with a written proposal providing all the information requested. The proposal will be considered complete only if all of the items listed under the Proposal Requirements are included.

The contents of the proposal must be limited to twenty (20) double-sided pages, not including fee estimate (submitted separately), resumes, certificates, and Gantt chart. The proposal shall use a minimum 12-point font size.

The City will not pay for any costs incurred in preparation and submission of the proposals, or in anticipation of a contract.
The City is seeking consultant services to recommend new GHG emission reduction targets through 2030 that align with SB 32 and through 2040 to align with Executive Order B-30-15. The consultant will produce an updated 2020 Climate Action and Adaptation Plan, which will be the City’s roadmap for achieving the newly established reduction goals including the potential for electrification, transportation measures, food and agriculture, water, waste and other sectors. The updated CAAP should be reader friendly with clear strategies to enable the City and the community to achieve or exceed GHG reduction goals. CEQA review must be included so that the 2020 CAAP can be used for future project streamlining and consistency.

Cover Letter of Interest
Please submit a Cover Letter of Interest signed by a duly authorized officer or representative of the Respondent, not to exceed one page in length. The Letter of Interest must also include the following information:

- The principal place of business and the primary contact person, title, telephone numbers and email address.
- A brief summary of the qualifications of the Respondent and team.
- Description of organization (i.e. Corporation, Limited Liability Company, or Joint Venture).
- Teams/firms submitting proposals in response to this RFP must disclose any actual, apparent, direct or indirect, or potential conflicts of interest that may exist with respect to the firm, management, or employees of the firm or other persons relative to the services to be awarded pursuant to this RFP. If a team/firm has no conflicts of interest, a statement to that effect shall be included in the cover letter.

Proposal Content
A. Scope of Work. Please include a description of the firm/team and its qualifications for providing services to meet the needs outlined in this RFP. This should convey the respondent’s understanding of the work, and demonstrate specialty experience, management, and other features that lead to successful achievement of the City’s goals. Please address project approach, reflect knowledge about the Davis community and what is important in this project. This section shall include the respondent’s specific tasks for performing the work. Include a list of deliverables. Deliverables should match milestones shown in the proposed schedule, provided in MS Project, Gantt Chart or other comparable format.

The City is seeking proposals that generally reflect the following scope. Consultants are strongly encouraged to suggest refinements and innovative methodologies that ultimately achieve the work products described below. City staff will work closely with the selected consultant and are prepared to provide staff time to assist with tasks. The proposal should indicate which tasks would be appropriate and/or desirable for City staff to complete.

Staff recommends the following structure for the 2020 CAAP Update:

1. City Council, Commissions, Local Partners and Community Engagement
   Develop a comprehensive community engagement plan, integral to CAAP Update development, based on successful outcomes and experience with similar projects in
other communities. Provide adequate time for outreach and robust community input, including planning for Commission and stakeholder engagement.

2. **GHG Reduction Targets and Measures**
   Align with State policies and the current adopted City of Davis carbon neutrality by 2040 target. Assess measures identified in the 2010 CAAP, including implementation status and progress metrics. Identify and analyze potential measures and best practices available to meet these goals.

3. **Climate Change Vulnerability Assessment and Adaptation Strategies**
   Using Cal-Adapt and other resources for climate adaptation and resilience measures, develop strategies to meet current State policy per SB 379 and other relevant legislation. Include identifying vulnerable populations, addressing adversity and building capacity for community-wide resilience to climate change. Recommend training and implementation resources, tools and strategies for Davis residents, service providers and first responders to facilitate and achieve these strategies.

4. **Implementation and Monitoring Procedures**
   Develop clear and transparent procedures to track community’s progress toward carbon neutrality goals and targets, incorporating annual reporting, benchmarks, data collection, budgeting and resource requirements. For example, in monitoring transportation progress, determine whether a ‘macro’ level strategy (e.g. using big data such as DMV fleet/VMT profiles of Davis households) and/or ‘micro’ level (e.g. using household surveys or other methods) will be used, and how these strategies will result in cost-effective, easily obtained and monitored information.

5. **Draft CAAP, Public Review/Comment and Final 2020 CAAP**
   Following completion of technical tasks above, the Draft CAAP will be completed with synthesis of findings and recommendations for robust public review and comment, followed by Final Draft for review and adoption by City Council. This draft and final CAAP will incorporate consistency with OPR’s General Plan Guidelines update (2017) and address environmental justice, sustainability and other considerations to inform the upcoming Davis General Plan Update and comply with state requirements.

6. **CEQA Environmental Review and Updated GHG Thresholds of Significance**
   Develop revised thresholds of significance applicable to residential, non-residential, infrastructure and other development projects and actions. These should be relatively simple, replicable methodologies for calculating project GHG impacts, aligned with the goal of carbon neutrality by 2040.

7. **Local GHG Offset Program**
   Develop program goals, objectives and plan for a sustainable, viable and cost-effective local offset program, which may be used for implementing existing building energy/water efficiency and/or potential offset opportunities in other sectors such as transportation, solid waste, etc.
B. **Key Personnel.** Provide an organization chart (1 page), and the following for each key team member (1 page each):
   - Qualifications and experience on similar projects
   - Role and responsibilities for this project
   - Home office location
   - Estimate of time allocation to the study (averaged over the duration of the project).

   If sub-consultants will be used, provide names, qualifications, experience, location, and role of each sub-consultant.

C. **Project List.** Provide references for projects that demonstrate proposer’s qualifications and experience for performing the requested services. The reference projects should be linked to the staff listed in Key Personnel.

D. **References.** Please include names, emails and telephone numbers of at least three (3) of your firm’s previous clients whom the City staff may contact for references regarding the past performance of your firm, project managers, team members and sub-consultants proposed for this project.

E. **Fee Schedule.** Compensation will be on a time and expense basis, with a not-to-exceed total cost limit of $350,000 to $400,000. If the proposer finds that additional tasks would be necessary and/or appropriate to achieve the project objectives, please propose a list of optional tasks with additional costs that the City might consider, subject to approval by City Council.

   In a separate sealed envelope, please provide:
   - Estimated fee by task (tasks should match scope of services section)
   - Hourly billing rate schedule for all proposed staff
   - Types and estimated amount of expenses to be billed to the project
   - Fees by sub-consultant, by task

F. **Evidence of Insurance.** The Proposer shall provide a summary of the firm's current insurance coverage for comprehensive, general liability, professional liability, automotive liability and worker's compensation insurance. Indicate the limits of coverage on each policy. City required endorsements and minimum coverage limits must be provided at time of agreement execution.

- AECOM
- Ascent Environmental, Inc.
The City reserves the right to modify this RFP package at any time prior to the proposal due date, or to extend the proposal due date, or to cancel this RFP package at any time. The City further reserves the right to reject any and all proposals for any reason or to accept any qualifying proposal received which the City, in its sole unrestricted discretion deemed most advantageous to itself. The lowest or any proposal may not necessarily be accepted. MISCELLANEOUS

Confidentiality of Proposal

Pursuant to Michaelis, Montanari, & Johnson v. Superior Court (2006) 38 Cal.4th 1065, proposals submitted in response to this RFP shall be held confidential by City and shall not be subject to disclosure under the California Public Records Act (Cal. Government Code section 6250 et seq.) until after either City and the successful proposer have completed negotiations and entered into an Agreement or City has rejected all proposals. All correspondence with the City including responses to this RFP will become the exclusive property of the City and will become public records under the California Public Records Act. Furthermore, the City will have no liability to the Proposer or other party as a result of any public disclosure of any proposal or the Agreement. If a Proposer desires to exclude a portion of its proposal from disclosure under the California Public Records Act, the Proposer must mark it as such and state the specific provision in the California Public Records Act which provides the exemption as well as the factual basis for claiming the exemption. For example, if a Proposer submits trade secret information, the Proposer must plainly mark the information as “Trade Secret” and refer to the appropriate section of the California Public Records Act which provides the exemption as well as the factual basis for claiming the exemption. Although the California Public Records Act recognizes that certain confidential trade secret information may be protected from disclosure, the City is not in a position to establish that the information that a Proposer submits is a trade secret. If a request is made for information marked “Confidential”,
“Trade Secret” or “Proprietary”, the City will provide Proposers who submitted the information with reasonable notice to seek protection from disclosure by a court of competent jurisdiction.

Exceptions Certification
In submitting a proposal in response to this RFP, Proposer is certifying that it takes no exceptions to this RFP including, but not limited to, the Agreement. If any exceptions are taken, such exceptions must be clearly noted in the proposal and may be reason for rejection of the proposal. As such, Proposer is directed to carefully review the attached Agreement and, in particular, the insurance and indemnification provisions therein. Failure to include any exceptions to the RFP, including the Agreement, shall be deemed an acceptance of all terms therein by Proposer and Proposer shall not have any further opportunity to request revisions to the same following submission of its proposal.

Amendments to Proposals
No amendment, addendum or modification will be accepted after a proposal has been submitted to City. If a change to a proposal that has been submitted is desired, the submitted proposal must be withdrawn and the replacement proposal submitted to City prior to the proposal due date and time.

Cancellation of RFP
City reserves the right to cancel this RFP at any time prior to contract award without obligation in any manner for proposal preparation, interview, fee negotiation or other marketing costs associated with this RFP.

Price Validity
Prices provided by Proposers in response to this RFP are valid for 90 days from the proposal due date. The City intends to award the contract within this time but may request an extension from the Proposers to hold pricing, until negotiations are complete and the contract is awarded.

No Commitment to Award
Issuance of this RFP and receipt of proposals does not commit the City to award a contract. City expressly reserves the right to postpone the RFP process for its own convenience, to accept or reject any or all proposals received in response to this RFP, to negotiate with more than one Proposer concurrently, or to cancel all or any part of this RFP.

Right to Negotiate and/or Reject Proposals
City reserves the right to negotiate any price or provision, task order or service, accept any part or all of any proposals, waive any irregularities, and to reject any and all, or parts of any and all proposals, whenever, in the sole opinion of City, such action shall serve its best interests and those of the tax-paying public. The Proposers are encouraged to submit their best prices in their proposals, and City intends to negotiate only with the Proposer(s) whose proposal most closely meets City’s requirements at the lowest estimated cost.

Prevailing Wage
Proposers shall take cognizance of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. (“Prevailing
Wage Laws”), which require the payment of prevailing wage rates and the performance of other requirements on certain “public work” and “maintenance” projects. The Proposer must agree to fully comply with and to require its subcontractors/subconsultants to fully comply with such Prevailing Wage Laws to the extent applicable.

i. Each policy of insurance required herein shall be from a company or companies having a current A.M. Best's rating of no less than A:VII and admitted and authorized to transact the business of insurance in the State of California.

(i) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(ii) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may terminate this Agreement for cause.

(iii) City may require Consultant to provide for inspection by City, complete copies of all insurance policies in effect for the duration of the Agreement.

No representation is made that the minimum insurance requirements of this Agreement are sufficient to cover the obligations of Consultant under this Agreement.

k. Subcontractor Insurance Requirements

Consultant shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. Policies of commercial general liability insurance provided by such subcontractors shall be endorsed to name the City, its elected and appointed officials, officers, employees, agents, servants, designated volunteers and agents serving as independent contractors in the role of City officials as additional insureds, using ISO form CG 20 38 04 13 or an endorsement providing the exact same coverage. To the fullest extent permitted by law, Consultant shall defend (with counsel reasonably approved by City), indemnify and hold the City, its elected and appointed officials, officers, attorneys, agents, employees, servants, designated volunteers, successors, assigns and those City agents serving as independent contractors in the role of City officials (collectively “Indemnitees” in this Section 13) free and harmless with respect to any and all claims, demands, causes of action, costs, expenses, liabilities, losses, damages, stop notices and/or injury of any kind, in law or equity, to property or persons, including bodily injury, wrongful death, personal injury and property damage, in any manner arising out of, pertaining to, or incident to any acts, errors, omissions, or willful misconduct of Consultant, its owners, officials, officers, employees, servants, subcontractors, consultants or agents in connection with the performance of the Consultant’s Services, and/or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney’s fees and other related costs and expenses. Consultant’s obligation to indemnify shall not be restricted to insurance proceeds, if any, received by Consultant, or by the City or any of the other Indemnitees.

b. For Design Professional Services. If Consultant’s Services hereunder include the performance of design professional services by a “design professional”, (as defined below), then to the extent permitted by law, Consultant shall, at its sole cost and expense, indemnify and hold the City and other Indemnitees, and each of them, harmless with respect to any and all damages, costs, expenses, liabilities, claims, demands, causes of action, proceedings, judgments, penalties, liens, and losses of any nature whatsoever, including fees of accountants and other professionals, and all costs associated therewith, and reimbursement of attorneys’ fees and costs of defense, to the extent arising out of, pertaining to, or relating to, in whole or in part, the negligence, recklessness, or willful misconduct of the Consultant, and/or its officers, agents, employees, servants, subcontractors, contractors or their officers, agents, employees, servants, contractors or subcontractors (or any entity or individual for whom the Consultant shall bear legal liability) in the performance of design professional services under this Agreement. Notwithstanding the foregoing and as required by Civil Code Section 2782.8(a), in no event shall the cost to defend the Indemnitees that is charged to Consultant, exceed the Consultant’s proportionate percentage of fault.

For purposes of this Section 13.b, and in accordance with Civil Code Section 2782 (a), “design professional” means only the following and only while performing professional design services: (i) an individual licensed as an architect pursuant to Business and Professions Code Section 5500, et seq., and a business entity offering architectural services in accordance with that Code section; (ii) an individual licensed as a landscape architect pursuant to Business and Professions Code Section 5615, et seq., and a business entity offering landscape architectural services in accordance with that Code section; (iii) an individual registered as a professional engineer pursuant to Business and Professions Code Section 6700, et seq., and a business entity offering professional engineering services in accordance with that Code section; and (iv) an individual licensed as a professional land surveyor pursuant to Business and Professions Code Section 8700, et seq., and a business entity offering professional land surveying services in accordance with that Code section.

If the Services are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with the Prevailing Wage Laws. These rates are on file with the City Clerk or may be obtained at: http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm.

(i) Copies of the prevailing wage rates may be obtained at cost at the City Clerk’s office. Consultant shall comply with the provisions of Sections 1775, 1776, 1777.5, 1777.6, and 1813 of the Labor Code. Pursuant to the provisions of 1775 of the Labor Code, Consultant shall forfeit to the City, as a penalty, not more than $200.00 for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for any work done under this Agreement, by him or by any subcontractor under him, in violation of the provisions of this Agreement.

(ii) Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory upon the Consultant and all subcontractors to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code Sections 1771, 1774 and 1775), employment of apprentices (Labor Code Section 1777.5), certified payroll records (Labor Code Sections 1771.4 and 1776), hours of labor (Labor Code Sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code Section 1777.1). b. If the Services are being performed as part of an applicable “public works” or “maintenance” project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subcontractors performing such Services must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of this Agreement and require the same of any subcontractors, as applicable. c. This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Consultant’s sole responsibility
to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor that affect Consultant’s performance of the Services, including any delay, shall be Consultant’s sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor.

15. Living Wage Ordinance.

a. Consultant agrees to comply with Davis Municipal Code Chapter 15.20, the City of Davis Living Wage Ordinance. If Consultant employs six (6) or more employees, and receives $25,000 or more from the City pursuant to this Agreement and any other contracts with the City during a twelve month period, Consultant shall be required to provide all employees eligible under Chapter 15.20 with the minimum compensation set forth in Davis Municipal Code Section 15.20.060 during the term of this Agreement.

b. Prior to commencement of any work under this Agreement, Consultant and all subcontractors that are subject to the requirements of Chapter 15.20 will provide certification in a form satisfactory to the City that Consultant and subcontractors are providing all eligible employees the minimum compensation required pursuant to Davis Municipal Code Section 15.20.060. Additionally, prior to commencement of any work, Consultant shall notify in writing all employees that are eligible for minimum compensation of their rights under Chapter 15.20.

c. Consultant shall maintain all records and documents necessary to establish whether Consultant is subject to Chapter 15.20. If Consultant is subject to the requirements of Chapter 15.20, Consultant shall further be required to maintain monthly records of Consultant’s employees, including records showing the hourly rate paid to each employee, the amount paid by Consultant for health benefits, if any, and the amount of days off provided per year for sick leave, vacation, or personal necessity. The records described in this subsection shall be made available to the City upon request. The failure to produce these records within three (3) business days following request by the City shall be a default under this Agreement.

d. Consultant shall include the requirements of Chapter 15.20 in any and all agreements with subcontractors hired to provide the Services pursuant to this Agreement. Any and all subcontractors retained by Consultant to provide the Services pursuant to this Agreement that employ six or more employees and receive $25,000 or more for the Services provided to the City pursuant to this and any other City contracts during a 12-month period shall be required to comply with the terms of Chapter 15.20. Failure by a subcontractor subject to the requirements of Chapter 15.20 to comply with the terms of Chapter 15.20 shall constitute a default of the Consultant under this Agreement.

17. **Laws and Venue.**

This Agreement shall be interpreted in accordance with the laws of the State of California without regard for change of venue laws. In such event, City shall be immediately given title to and possession of all Work Product and original field notes, drawings and specifications, written reports and all other documents produced or developed pursuant to this Agreement. Provided Consultant is not then in breach, City shall pay Consultant the reasonable value of services rendered for any portion of the Services completed prior to termination. If said termination occurs prior to completion of any specific task for which a payment request has not been received, the charge for Services performed shall be the reasonable value of such Services, based on an amount agreed to by City and Consultant. City shall not be liable for any costs other than the charges or portions thereof which are specified herein. 19. **Ownership of Work Product.**

a. Except as otherwise provided in Section 18, “Termination”, above, and unless otherwise agreed upon in writing, all draft and final reports, documents, and other written material, and any and all images, ideas, concepts, designs including website designs, source code, object code, electronic data and files, and/or other media whatsoever created or developed by Consultant in the performance of this Agreement (collectively, “Work Product”) shall be considered to be “works made for hire” for the benefit of City. Consultant shall defend, indemnify and hold City, and the other Indemnitees (as defined in Section 13(a), above) harmless from any and all loss, claim or liability in any way related to a claim that City’s use of any of the Work Product violates federal, state or local laws, or any contractual provisions, or any rights or laws relating to trade names, licenses, franchises, copyrights, patents or other means of protecting intellectual property rights and/or interests in products, ideas or inventions. Consultant shall bear all costs arising from the use of patented, copyrighted, trade secret or trademarked documents, materials, equipment, devices or processes in connection with its provision of the Work Product produced under this Agreement. In the event the use of any of the Work Product or other deliverables hereunder by City is held to constitute an infringement and the use of any of the same is enjoined, Consultant, at its expense, shall: (a) secure for City the right to continue using the Work Product and other deliverables by suspension of any injunction, or by procuring a license or licenses for City; or (b) modify the Work Product and other deliverables so that they become non-infringing while remaining in compliance with the requirements of this Agreement. Definitions.

Postconsumer Material means only those paper products generated by a business or consumer which have served their intended end uses, and which have been separated or diverted from solid wastes for the purpose of collection, recycling, and disposition.

Recovered Paper Material means paper waste generated after the completion of a papermaking process, such as postconsumer materials, envelope cuttings, bindery trimmings, printing wastes, cutting and other converting wastes, butt rolls and mill wrappers, obsolete inventories, and rejected unused stock. Recovered paper material, however, shall not include fibrous wastes generated during the manufacturing process such as fibers recovered from wastewater or trimmings of paper machine rolls (mill broke), or fibrous byproducts of harvesting, extractive or woodcutting processes, or forest residues such as bark.

Minimum Content Standard. The following categories of paper must contain the minimum percentages of material listed under both “Recovered Material” and “Postconsumer Material” included within the total “Recovered Material” percentage. When utilizing a category of paper not listed below, the paper shall contain the highest percentage of recycled paper available.
